GRASSYVILLE LOCALS

The farmers in this section are working between showers, trying to get the corn replanted and some cotton planted, and they are hoping each day that there will be no more rain for a few weeks.

The gardens are beginning to give promise of many kinds of healthful vegetables.

The "Cheep, Cheep," of the young chicks make one think of the generous dish full of golden brown fried chicken that will soon be served to lads and lassies of this vicinity.

Mr. Miertschin has installed a new gin at his old ginning plant.

The Grassyville Public School will close Friday April 27 with a community meet and picnic in the afternoon, and a program prepared by the pupils, in the evening beginning at 7:45.

The county demonstrator, Mr. Grover C. King, and Miss Reke Saunders will visit the school Wednesday afternoon in company with Mr. Haynie, the County Supt. of Public Schools. They will examine the work which has been done by the Club members, and also grade the school according to the work done toward securing the Banner in the Banner Contest. Every eligible pupil is a member of the Girls and Boys Club. Each member of the club has been busy trying to raise corn, or cotton, or gardens, or chickens, or doing work about the home.

If in every school in the county were 100 of club members, we would soon have the farms and homes managed more efficiently.

If the people of Giddings don't know where to go to gather dewberries, this season, you might tell them that there are going to be thousands of them near Grassyville.

Rev. A. R. Vetter and family motored to San Antonio Monday to attend a Conference and to visit relatives.

Miss Leona Hoffman visited Mr. Sam Stuessy's family Sunday.
