

LEDBETTER LOCALS

Several good showers have fallen here the past week, although hardly a good season. We are hoping for more.

Cattle dipping seems to be going on at a rate to please everyone even the cattle themselves- and if they do not come out of the dip tickled they are slick and shiny and do not come out of the dip tickled they are slick and shiny and show that our law-makers know what is good for the helpless and dumb animals even if, for a time, it works a hardship on the owners.

Lawrence Speckles of Coup-land visited friends (?) here the past week-end.

Mrs. Leona Weyand and sister Miss Helen Rummel left Saturday to attend the summer normal. Mrs. W. at the state University and Miss R. at San Marcos.

Mrs. Lena Dornberger of Austin is the guest of Mr. and Mrs. Rummel.

Miss Melanle Stuermer is attending the state normal at Arvon City.

Mrs. Sidonia Stuermer and Mrs. W. C. Hillsman are in Brenham for treatment.
