The Gravel Pit is doing quite a large business which livens up the town considerably. The machinery used in loading the gravel does the work of 35 men and 64 mules. Two men operate the machinery, while 2 more place the cars, clear away brush etc. We had the pleasure this afternoon of seeing the loading of cars, moving the machinery all done quietly and seemingly with little effort on the part of the men. If cars can be gotten, they load 20 per day and the gravel brings \$30.00 per car.

The Vanderwerth brothers have installed an electric light plant in connection with their garage business and soon electric lights will be installed in the home.

Saturday our business men bought six hundred lbs of turkeys paying 31c per pound. Miss Evelyn Gantt last week sold \$150.00 worth of turkeys in one day so things are livening up quite a bit.

Mr. and Mrs. Austin Nelms of Deanville were recent guests of relatives here.

Miss L. Atkon of Kennedy was the guest of Miss Fannie Drawe.

Correspondent.
