Enjoyed Pleasant Outing.

Mr. and Mrs. John Paulick, Aug. Schulze and Chas. Tschatschula and wife enjoyed the day Sunday in Buescher State and Bastrop Parks. The winding drives, pleasant picnic areas, Lookout Lake and the Refectory with its hand hewn timbers, tables, chairs, hand made settees of solid cedar, hammered iron door catches, the skilled rock work, hand made French doors and the like, and what makes it of much more interest to us is that some of our local boys here that served in the CCC camp there helped in the construction of same. Some of them learning a worth while trade, at least those that cared enough about their future to interest themselves with the various kinds of work. And so many, many people can drive there and spend a most enjoyable day. For those that care to swim there is a fine bathing pool in the Bastrop Park, also a golf course. In the club house at Bastrop there is a lighting fixture donated by Mr. G. G. Zoch, an oxen yoke which is very odd. The writer hails from Bastrop County and takes

pride in the progress made in that county although she is now residing in Lee Co. for the past 16 years and tries to help in the boosting and welfare of Lee County. The only thing that is lacking in Bastrop County is that they do not have improved roads as we here in Lee County enjoy. The Commissioners should come over and let the Lee Co. Commissioners show them how its done.

Mr. Ervin Weise, Abilene, who has been visiting his parents Mr. and Mrs. C. W. Weise of near Grassyville for the past two weeks, returned to his job late Sunday evening. He is with the weather bureau at that place.
