MRS. ANNIE TSCHATSCHULA

Frost Tuesday

A killing frost Tuesday morning did a lot of damage to early gardens such as beans, melons, cucumbers, tomatoes and corn. Potatoes too were nipped to the ground.

The high biting and bitter winds over the past weekend have certainly finished up gardens and crops that were left from the previous frost. A good rain is needed to freshen up fruit trees and also to give moisture to the ground before much planting can be undertaken again as the ground is lacking in sufficient moisture to sprout seeds again. In these parts most crops and gardens will have to be replanted.

Have Boy

Mr. and Mrs. Ervin Lorenz are the happy parents of a fine baby boy named Dennis Wayne. Also Cpl. and Mrs. Monroe Becker of El Paso have a new addition in their family.
