Hartfiel Delivers

Sunday Sermon

Student Hartfiel of Loebau delivered the sermon at St. Paul's at Serbin Sunday morning and also conducted the Bible Class in the absence of the local pastor.

Rains Are Spotted

Rains have been spotted the past week. Our immediate vicinity received three showers of around $\frac{1}{2}$ inch each in three days, while not more than $1\frac{1}{2}$ miles away towards Serbin and down towards Sand community rains of around 3 to 4 inches fell, while in the Grassyville section only $\frac{2}{10}$ of an inch fell.

Rans Playing Havoc

Rains are playing havoc with the new road between Grassyville and Northrup's Farm-to-Market road now under construction, by disrupting traffic entirely for awhile between Serbin's store and the church, due to bog holes on the detour route. Mr. Brooks was kept quite busy for a night pulling cars out of the bog for them.

Have Grandson

Mr. and Mrs. George Danheim are the brand new grandparents of a fine healthy grandson at Muleshoc, Texas, since Aug. 7. Congratulations.

The Chas. Tschatschula's visit-

ed with the O. P. Hielscher's and Grandma Burttschell Sunday afternoon. Grandma Burttschell as she is best known to most of us, keeps very busy despite her failing health and advanced age (over 80). She keeps a neat house and pieces quilts galore.— Says she: "I have another marriage in the family and I have to get busy and make some more quilts." And they are beautiful too, as anyone knows that sees them.
