

## PAIGE LOCALS

Special Correspondence to the News

Marcus Banks moved to Austin, he having traded his farm here. This was one of the most highly respected families in our midst and we regret their departure very much. May the best of luck attend them in their new home.

The family of Prof. Lelfester visited friends in Paige last week.

Miss Nellie Pauls is at home again from a few days spent in Galveston.

Miss Alma Lowden spent last week with her cousin Miss Ruth Lowden.

There was a cemetery working at Ridgway last Tuesday which was largely attended. The cemetery is fairly clean now and we hope it will be better taken care of in the future. The people are going to repair the house.

The barbecue at Paige was well attended and everybody expressed himself as having had a good time. There was some good roping and riding done. The baseball game resulted in victory for Serbin. One of the largest crowds ever known gathered at the hall that night for a dance, the Schulenberg orchestra made some fine music.
