**FIRE DAMAGES SCHOOL  
BUILDING AT PAIGE**

The school building at Paige was slightly damaged by fire Tuesday morning.

Firemen from Giddings answered a call to Paige at 10:30 a. m. and assisted local residents in extinguishing the blaze which burned a part of the roof of the building.

The fire apparently started from an overheated flue in a room which was not being used at the time.

The absence of wind and prompt action by Paige residents and the Giddings firemen prevented extensive damage.
