January 17, 1941

**PROSPECT H. D. CLUB**

The Prospect H. D. Women's Club met Jan. 8 at the home of Mrs. Henry Siegmund with the H. D. Agt., Miss Elliott.

The club members looked through their year books to see what the goals will be for 1941. Then Miss Elliott gave a demonstration on how to make an orange Spanish cream and make our dishes look nice by spending only a few more minutes. A dish prepared with a little decoration looks much more appetizing and may encourage more people to eat food they would not eat otherwise. The importance of a frame garden and eating a balanced meal was stressed very much. Our body can not be healthy and strong unless we obtain the proper food. Most of this food can be raised on our farms. The members present were: Mesdames Sam Vernon, Henry Siegmund, Joe Peters, Charlie Siegmund, Oscar Siegmund, Randolph Lehmann, Walter Lehmann, Lawrence Lehmann, Lena Vernon; Miss Linnie Nietzsche and a visitor, Mrs. Stone from Broadus, Tex.
