PROSPECT H. D. CLUB		
The outlook for farm family living was discussed by the Prospect H. D. Women at the home of Mrs. Chas. Siegmund, Feb. 13.	in 1941. But other farm families, those raising products to be sold abroad—may fare less well. Food will play an important part in this defense program. Well balanced diets increase vitality and physical fitness. Home produced food can go far toward producing a good diet.	Members present were Mesdames Sam Vernon, Walter Lehmann, Charlie, Oscar and Henry Siegmund, Joe Peters, Randolph and Lawrence Lehmann. The next meeting will be with Mrs. Oscar Siegmund, Feb. 22 at 2 p. m. A demonstration will be given on an "Outdoor Living Room."
Due to the defense program and the general improvement of business some farm families may have a little better income
