SOLDIER WRITES HOME

CAMP LOGAN, TEXAS JUNE 1
The Giddings News, Giddings.
Dear Editor: I have been in
the hospital twenty-nine days.
I was operated on in the throat
for Tonsillitis which was a suc-
cess. I feel fine and dandy
at present. There is other
at present, and have other trou-
bles not known just now, but
don't know in what way, but
will find out in the near future.
We have one home boy in this
hospital by the name of Charley
Stork. He has had an opera-
tion which was a success, but
will have to stay in bed for fit-
teen days and his time is near
up and I think he will be up and
out in a few days. Houston
is having a nice slow rain as
I am writing this. I will close
with best wishes to all Lee Co.
friends. Yours truly,
David Lee Hildbrand.
