There are many whose names are not included on this list, as they came in too late for us to use. In order to include in this tribute as many as possible, we will continue a supplemental list each week as long as names of Bastrop County men are sent in to us. Only the names will be used. We will not have room to use additional information or special tributes, much as we would like to do so. [This list was alphabetized by Weldon Mersiovsky, Wendish Research Exchange.]
