Dear Cathy,

Sorry for the delay in mailing these sheets. I hope that you can extract something of value from them.

I have no immediate plans for them, but unless I find a good place for them, I will keep them with my materials and eventually drop everything at Serbin, Texas. So use them at your leisure, but I would like to have them back when you are finished with them.

Information in green ink was provided by Brenda Lee-Whiting, author of *Harvest of Stones*.

Dear George,

Thanks so much! I made copies & will thoroughly enjoy working through the material & completing more info, especially on Drachhausen Wends! I will email you the completed list someday —

Thanks!

Cathy
