Stork Makes More Visits

The stork made a few more visits this week, leaving little "bundles of happiness" at several places.

At Mr. and Mrs. John S. Simmang's he left a 10 pound bouncing boy and at Mr. and Mrs. Reichard Richter's he brought a nice baby girl. This explains the broad smile worn by both dads. Have you noticed it too?

Both babies were born at the St. Francis Hospital at Brenham.

The Star extends congratulations!
