March 5, 1920

Mrs. Emma Fischer took charge of the Grocery Store the first of the month which Mrs. Selma Duisberg has been running the past several months. Mrs. Duisberg will retire from the grocery business and engage in a more satisfactory occupation, "keeping house" which she expects to begin after Sunday. Mrs. Fischer has moved to town and is occupying the brick annex, behind the store, having rented her home, farm, stock, hogs, chickens and everything just as she had while on the farm. She says if the grocery business does not pan out satisfactory she has the satisfaction of knowing she can go back home and make a living which she has done for several years, raising up several children she was left with when she lost her husband.
