CLASS SOCIAL

The eighth grade of the high school enjoyed a party Friday night at the Masonic hall. The history class had been subdivided and a contest was held between the boys and the girls, the loser to provide the social. The girls won, so the boys gave the party.

Miss Pietsch was the chaperone and twenty seven pupils were present. They played many games, after which delicious refreshments were served. The party was from seven until eleven o'clock. The boys proved themselves excellent hosts, so the girls hope the boys will lose again next time.
