FAMILY OF SAFETY DRIVERS

1941 marks the silver car-driving year of Mr. Theo. Teinert, not only has he been driving a car for 25 years, but without any accident. Besides, he has 4 sons who are driving cars; Edwin for 16 years, Herbert for 15 years, Willie for 10 years, Norbert for about 5 years. None of these has ever had a car accident, so all together this family's car driving years are about 71 without accident. This is a splendid record for a family and the Editor hopes there are many others as good.
