

Peek To Receive Degree

Shirley Zoch, Emily Fariss, Carolyn Volkens, and Juanice Peyton attended a portion of the Area VII F.H.A. Executive Council Meeting in San Marcos Saturday, March 29. They were accompanied by their sponsor, Miss Lillian Peek, who was notified at this time of her selection as one of the three adults from this area who will be awarded honorary degrees at the state meeting this year. The Giddings Chapter is quite proud of Miss Peek and happy that she is being honored.

The four girls have applied for the State Degree of Achievement, which is the highest degree that can be conferred by the state association. To earn this award, the applicant must meet nine standards. These include such goals as participation in school, chapter, and community activities, as well as personal goals set up by the individual applicant. LaVerne Mutschink, '49, is the only girl from Giddings who has received this degree thus far.

The reports submitted by the applicants were evaluated at the meeting Saturday, but results will not be announced until the State Meeting to be held in San Antonio April 30 - May 1 - 2.
