BLUE NEWS

Nearly all the people of Blue have prepared canned goods for future use which will be a great help during the winter.

The corn crop made fine, as good or better than that of last year. With corn bread and fine molasses which is being made at our home mill the farmers of Blue feel very good even though some people talk yet of the depression.

The cotton crop up to date is fair and is beginning to open. Some farmers of this section will start picking the 15th of August.

Sweet potatoes are needing rain and some people are now selling them, receiving 2 to 2 1-2 cents per lb.

We are now hoping for a fair crop, of cotton and also a fair price.
