**DIME BOX**

A great deal of rain has fallen here since Friday morning, doing very much damage to tanks, cotton, etc. So many people had just poisoned their cotton, so of course that was all washed off. The plants were already too big with nothing much on them. If it doesn't quit raining so much, it is feared that the corn will be damaged. Prairie fields have fine corn.

Among the H. D. Club ladies from here who attended the course at College Station Monday were Mesdames Reed Henson, Edd Wolff, Albert Schuhmann, Guy Attaway, Joe Spaccek, Elder Burttschell and C. W. Bridges. They report a very nice time.

Richard Marburger and family of Sinton are visiting relatives here, having attended the Marburger family reunion in Giddings Sunday.

Mr. and Mrs. Andrew Smith left Thursday of last week for Port Neches where Mr. Smith was called to work for the Texas Co. This is where he had worked for some time before the lay off of employees caused from the blockading of Norway in April of last year.

Mr. and Mrs. Wallace Attaway of Logansport, La., and George Wheeler and family of Shreveport, La., were week-end guests of Mr. and Mrs. G. Attaway and family here.
