

### **Sweet Home School Fair**

The Sweet Home colored school revived its annual custom of several years ago and held a fair last Friday and Saturday. The number of exhibits was limited by the protracted drought and also the busy season of the year. Nevertheless, many good exhibits were on display and each one showed that people of that community are making an effort to improve themselves through better methods of farming and domestic work.

The display of canned beans, and other vegetables was quite large. Some stalks of seeded ribbon cane 9 ft. 6 in. in length were exhibited and there were many displays of quilts, corn and needle work.

Prize winners were announced as follows:

#### **Corn**

2. Frank Daniels,
3. L. D. Ward.

The editor was shown some of the molasses made by D. N. McCoy who has made 500 gallons for the people this summer, and he thinks that 200 gallons more will be made. It is of the honey drip variety and is well flavored.

The Sweet Home Community is one of the colored communities that is striving to better itself and their fair was a credit to each and every one who took a part in it.
