

The Giddings Star

October 8, 1953

Returns From Alaska

Corp. Albert Schneider, who was stationed in Alaska returned home Monday and is now at home with his parents Mr. and Mrs. Ewald Schneider.

He received the Star every week mostly on Saturdays, occasionally on Monday, by having us send it to him by air mail, otherwise he would have received it two or three

weeks later. He said, it was good to receive the paper while in Alaska three days after it was printed, to receive the news on time. "It was like a weekly letter from home."

Albert has his discharge now and will farm with his parents in Lincoln for the present.
