To the Giddings News:

Am taking my greatest of pleasure writing to my home paper. I enjoy reading it very much, wouldn't know what to do without it.

I like it very much in Hawaii. I wish everybody would have a chance to see all the big pineapple and sugar cane fields.

We have a nice church close to camp.

Must say I like army life very much but at the same time would like to be home with all my friends.

Am closing and wishing the Editor the best of luck and all its readers.
