

The Giddings News

September 2, 1932

Prof. L. O. Kasper and family returned Tuesday to their home in Serbin after an extended trip to Nebraska, Wisconsin and other states. They report a pleasant trip without any accident and traveled over 5,000 miles, bringing back Lee County air in the tires. He reports it very dry in some states, almost as dry as it was in Texas during 1925.
