Valued Volksblatt!

I left Giddings on March 10 and arrived in San Antonio at 3:00 o'clock in the afternoon. My daughter Mrs. Albert Scharf came with her car to pick me up. Several of the Scharf children still had cough and two of my daughters had the flu. Over two weeks ago Christine had to give up her office duties, and she is now with Albert Scharf and family. Ella was also sick for three days, but she continued to work.

Yesterday I went to La Pryor. I arrived well; my son August picked me up. Here in this area it is very dry. August has not yet planted anything. I found everyone here healthy.

This afternoon I visited son Emil and family. He was not at home, but she and the nine children were all there. Now I will close with greetings
